WELCOME NEW INTERNS

It's a new academic year and that means a new group of capable, ambitious young adults! Say hello to our **2023-2024 interns**, Adam, Alex, Ryan, Tazmin, Sam, and William. Over the summer, we have been getting to know these young adults, helping them to **travel independently, work as a team**, meeting their **first rotation Managers & Mentors** and learning about **workplace safety**.

They are a lively group with a variety of career interests, who are looking forward to beginning their first rotation of internships at **City Health Care Partnership** at the end of September.

Follow us on our Social media pages, to track their journey into employment.

INTERNS OF 22/23

While we have been getting to know our new interns, our recently **graduated interns** have been busy applying for jobs and attending interviews.

Charlie, who worked with CHCP and Sodexo earlier this year has accepted an **apprenticeship position at CHCP in administration**. During his year at DFN Project SEARCH Hull, we were amazed by his attention to detail, his speed, and his ability to switch between computer systems seamlessly. We know he will continue to flourish in this role.

Beth, who worked in a variety of care roles within CHCP and a local Hull Nursery, **has got a job as a Sales Assistant** in a local Hull Business. Beth's

confidence in her abilities grew throughout her year at DFN Project SEARCH and we know this is a job she will excel in.

Meanwhile, one of our graduates has decided to have a **Gap Year**. We have helped to facilitate a volunteering role with INIT Creative, a Digital Media Agency here in Hull, where they can continue to gain experience and learn from professionals as they develop their portfolio as a Video Editor. We wish them all the best in the future.

Our remaining interns, continue to search for roles in **Stock and Warehouse work** and have attended a few interviews. We are sure they will be successful in the future, and will continue to be supported by the DFN Project SEARCH Hull team.

DFN PROJECT SEARCH HULL INTEREST EVENT

25th October 2023, 16:30 at Wilberforce College

Planning your next steps after School/College? Interested in a Supported Internship and gaining employment experience? Join us and see how we can help you get into employment.

KEY FOCUS:

- **Workplace Safety:** Manual Handling, Health & Safety
- **Road Safety & Independent travelling:** using the bus and keeping safe when walking
- **CHCP Policies**
- **Basic IT skills:** TEAMS, Emails, etc.
- **Appropriate Workplace behaviours:** Conversation topics, hygiene, uniforms, asking for time off, etc.
- **Self-Advocacy:** accommodations in the workplace
